J. H. STRoud,

B. F. RUCHA,

ROBT BOOTH,

**THE FINKLE & LYON MANUFACTURING CO.'S
N E W
Sewing Machine, "Victor,"**

Is the only Lock-Stitch Machine that has its needle "self-setting."

The needle being straight and self-setting, much of the perplexity and trouble usual to beginners or inexperienced operators is avoided, as

The Machine Cannot Be Set Wrong.

The Machine is made of the finest material, and of most perfect finish; and no expense or pains is spared to make the Machine in all its points fitted to

Meet the Wants of Every Family.

Wherever introduced, the "Victor" has met with universal favor; and so great has been the increasing demand the past year, that the

FINKLE & LYON MANUFACTURING COMPANY

have been compelled to build a new and extensive Factory, and to more than double their facilities for supplying the wants of the Sewing Machine Trade.

Orange Judd, editor of *The American Agriculturist* says: "We know it to be a good Machine, from the experience of a sister and of several neighbors; and we have recently been trying it in our own family with great satisfaction."

HOME SHUTTLE SEWING MACHINE,

The perfection of Mechanism. For Hemming, Felling, Binding, Cording, Bracing, Seaming, Quilting, Tucking, Ruffling, Hem-stitching and Gathering. Simple, Compact, Efficient, Durable and Complete.

Every Machine Warranted for Five Years. Equally good for Fine or Heavy Work.

It is a triumph of mechanical genius. The only practical Low Priced Lock-Stitch Sewing Machine ever invented. Price, \$24, \$37, \$42, \$75.

WARRANTED -- Every Machine is warranted perfect in every respect, and if any part fails from any imperfection within five years we will supply the part free of cost.

D. K. CASSEL,

401 Concord Av. Chester, Pa.

WEED SEWING MACHINE.

THE LATEST IMPROVED.

This Machine, which has obtained the greatest popularity in so short a time, can now be obtained of its Agent,

Charles H. Boozor.

211 West Third St., - - - CHESTER, PA.

The *Weed*, or *Family Favorite*,

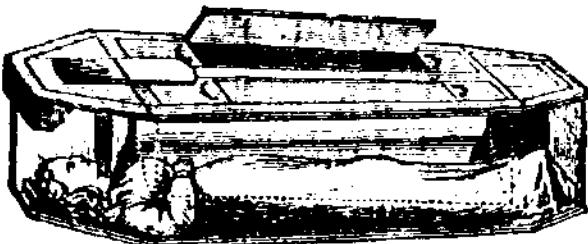

As it is now called, challenges all other first class Machines to an actual test trial at any time and at any place, in order to prove its superior advantages. It never refuses to do any work any other Sewing Machine can do, and it will do some work that no other Family Machine is capable of doing.—They will

**HEM, FELL, BRAID, BIND, QUILT, HEM-STITCH,
CORD, also execute FAGGOTING, FRINGING, FRIZ-
ZLING, PIPING, TUBING and EMBROIDERING.**

Every Machine is guaranteed to do all that is claimed for them, or the Machine will be taken back and replaced by another, or money refunded,

Call and try our Machine Before Purchasing.

**WILLIAM A. MINSHALL,
Burying Undertaker,
OFFICE NO. 24 EAST FOURTH ST.,
RESIDENCE NO. 35 WEST THIRD ST.,
CHESTER, PA.**

Speciality--the Desired end Attained.

A process has been recently discovered which obviates what has formerly been a dreaded necessity ; there is no longer any need of suffering the horror of seeing the bodies of our deceased friends placed or packed in ice.

**Dr. A. G. REED'S
PATENT CORPSE PRESERVER**

is admitted by all scientists to be a Perfect Corpse Preserver. A corpse kept in this Preserver will remain as fresh for weeks, if desired, as when first placed therein. No ice or water comes in contact with the body, therefore it is free from all dampness. The temperature in the casket, even in the warmest weather, can be kept at from 15 to 20 degrees below freezing, therefore the body is kept with pure, dry, cold air. In families where it has been used they speak in high terms of its merit. Strict personal attendance given at all hours.

Personal attention given to embalming, which is done in such a way as to preserve the color and form. This is particularly adapted to remains placed in vaults.

**THE McHAFFIE
Direct Steel Castings
COMPANY.**

Office and Works at
Lamokin Station, Philad. W. & Balt. Rail Road,
CHIESTER,
Delaware County, Pa.
