

August 22, 1895 – CHESTER TIMES

NEW CAMP GROUNDS – Boothwyn Will be Selected and Camp Meetings Held There – Thirty Acres Will Be Bought – Local Preachers of Philadelphia, Wilmington and Delaware County Interested in the Movement Which is About to be Consummated

The movement which has been on foot among the local preachers of Wilmington, Philadelphia and Delaware County, to establish at Boothwyn a camp meeting grounds, is about being consummated. There have been two meetings of those interested, the last one having taken place on Saturday last, when a good representation went over the ground with Superintendent McCartney.

The company has decided to purchase thirty acres of ground and it is proposed in the future to sell lots and erect cottages thereon. A series of meetings have already been arranged to take place in the beautifully shaded woods, south of the Chichester Road, which is within easy access of the station on the B & O Railroad.

On September 18, a grand temperance rally will be held followed on the 19th and 21st respectively, by a Christian Endeavor and Epworth League meeting. On the 20th and 22nd, the day will be set apart exclusively for focal preachers. A meeting will be held in the near future at which the local preachers from all points are invited to be present.
